PROFESSIONAL SUMMARY

L2 Associate-level professional with 1+ years of experience delivering prompt, efficient service to customers and delivery partners in a global enterprise environment. Skilled at managing sensitive escalations end-to-end, reporting up the escalation matrix, and communicating clearly and professionally at all times. At Walmart Global Tech, served as the primary interface between the company and its business customers — consistently exceeding targeted performance metrics and earning 6 awards for outstanding quality and proactive ownership. Available for 24x7 rotational shifts and immediate start.

CORE COMPETENCIES

Customer Communication | Delivery Partner Support | Seller & Vendor Support | Escalation Management | Sensitive Case Handling | SLA Adherence | ITSM & ServiceNow | Root Cause Analysis | Process Improvement | Time Management | Windows / MS Office / Outlook / Internet Explorer | Typing Proficiency | Team & Independent Work

WORK EXPERIENCE

Resolution Coordinator — Customer & Systems Support | Walmart Global Tech Feb 2025 – Present | Chennai

- Served as the primary point of contact for customers and delivery partners during Major Incident (MI) calls — effectively communicating clearly and professionally at all times, mirroring the L2 Associate responsibility of being the face of the organisation to seller POCs
- Delivered prompt and efficient service to customers and delivery partners by managing high-severity cases end-to-end: from initial triage and priority assessment through to resolution and root cause documentation
- Managed an average of 15–20 concurrent incidents daily, maintaining 98%+ SLA compliance across all priority tiers — consistently meeting and exceeding targeted performance metrics in a 24x7 global enterprise environment
- Managed sensitive cases by identifying the correct escalation path and reporting up the escalation matrix to ensure rapid resolution with minimal customer impact
- Used ServiceNow ITSM to handle full incident lifecycle: case logging, status updates, SLA tracking, escalation routing, and resolution documentation — consistently meeting or exceeding all targeted performance metrics
- Actively sought solutions through logical reasoning across complex infrastructure issues (Oracle, VMware, WMTS); identified recurring trends and proposed process improvements that reduced repeat incidents
- Demonstrated excellent time management skills while managing multiple concurrent cases across 24x7 rotational shifts in a high-pressure global environment
- Recognised with 3x Excellence Award & 3x Bravo Award** for consistently exceeding quality benchmarks, delivering exceptional customer satisfaction, and proactive above-and-beyond ownership

Android Developer | Hotspot Express

May 2024 – Oct 2024 | Remote

- Demonstrated excellent time management and self-management skills delivering project milestones independently in a fully remote environment — directly applicable to L2's independent working requirements
- Communicated clearly and professionally with cross-functional stakeholders (product, backend, design) across written channels, consistently keeping all parties informed and aligned
- Familiarity with navigating websites, web applications, and browser-based tools developed through hands-on integration and API testing work

Telecom Intern — Network Engineering | Bharat Sanchar Nigam Limited (BSNL)

Feb 2023 – Jun 2023 | Trichy

- Built strong documentation habits and attention to detail across 140+ enterprise sites — precision skills directly transferable to accurate case documentation in L2 support
- Communicated technical status updates to non-technical stakeholders using clear, simple language — developing the comprehension and customer-communication skills the L2 role requires

EDUCATION

B.Tech — Information Technology | K. Ramakrishnan College of Engineering

Jun 2020 – May 2024 | Trichy

Graduation in Information Technology from a recognised university — meets the basic qualification requirement for this role.
